Working out with a group provides extra motivation, camaraderie, and fun. Our wide variety of classes are great for beginners to advanced exercisers. All of our classes are conducted by certified instructors.

## IN THE EVENT THAT AN INSTRUCTOR IS NOT AVAILABLE, A WELLBEATS VIDEO CLASS WILL BE USED FOR INSTRUCTION.

### **B.E.S.T.**

#### **(BASIC ENDURANCE STRENGTH TRAINING):**

This class emphasizes the development of strength and functional conditioning with traditional weight-lifting exercises primarily using barbells and dumbbells. The training goal is to build long, lean, stronger muscles focusing on the endurance end of resistance training for a full body workout each class. Designed for all fitness levels.

### **CARDIO BARRE**

With a combination of functional strength, dance, pilates, and yoga, bodyweight is used as a resistance to focus on alignment and optimal posture while enhancing body awareness, coordination, balance, and overall strength. There are also moves that will increase heart rate adding a cardio component to the class.

### **CARDIO STRENGTH**

A class that will include a great cardio workout in the form of kickboxing, step aerobics and more, along with some weightlifting to give you a total body workout.

### **SPIN CYCLE**

An indoor group bicycling class designed for all fitness levels. This high cardio workout challenges leg endurance without the impact on the joints.

### **WERQ**

Build cardiovascular endurance and strengthen your heart muscle dancing to today's hottest Top 40 Pop, Rock, and Hip Hop music! WERQ up a sweat on the dance floor to all your favorite charting hits!

### **YOGA**

Achieve physical, emotional, and spiritual well-being while strengthening your body. Yoga is a great way to manage stress and improve physical imbalances in the body.

### **ZUMBA**

A "fitness party" that fuses Latin rhythms and fitness moves with international music in fun, choreographed routines.
