PROGRESSING JUNIORS TOWARDS PAR OR BETTER ON AND OFF THE COURSE

The Medal of Honor Junior Academy is a unique long term player development program for junior golfers age 5-17. The Academy uses Operation 36® framework and standardized curriculum to structure the program. The objective of the program is to teach young golfers to play the game from a hole out perspective, in other words, to shoot par from increasingly longer distances until each golfer is playing from their full tee box. The program is broken into 2 different segments: Academy Classes, and Operation 36 Matches. Matches will allow the student to take the learned skills through classes and apply them on the course. Each golfer will be issued a profile in the Operation 36® Mobile App to track their individual progress through a 6 level curriculum that is designed to set appropriate objectives and challenge each student towards shooting par or better (score of 36) for 9 holes.
