IMPORTANT TA REMINDERS

- TA shall be authorized for **first-time TA applicants for only one course** unless documentation is provided that the Marine has at least an associate degree or at least sixty (60) academic credits and a minimum grade point average (GPA) of 2.5.

- Marines **may not be actively participating in more than two TA-funded classes simultaneously**.

- Open issues in Marines TA accounts, including incomplete courses, reimbursement issues, and waivers, must be resolved and posted to the student record prior to approval of future TA requests.

- **Marines who fail to successfully complete a course will be required to reimburse received TA funds.** For the purpose of reimbursement, successful course completion is defined as a grade of “C” or higher for undergraduate courses, a “B” or higher for graduate courses, and a “pass” for “pass/fail” grades for courses using that criterion. TA funds will be recouped from Marines for “D” and “F” grades, unresolved incomplete “I”, or courses from which the Marine voluntarily withdrew, resulting in a “W” grade per reference.

COLLEGE LEVEL EXAMINATION PROGRAM (CLEP)

About:
- The College Board’s College-Level Examination Program (CLEP) has been the most widely trusted credit-by-examination program for over 40 years.
- This rigorous program allows students to demonstrate their mastery of introductory college-level material and earn college credit. **Students can earn credit for what they already know by getting qualifying scores on the 90 min multiple choice examinations.** While CLEP is sponsored by the College Board, only colleges may grant credit toward a degree.

Computing Scores:
*To reach the total score that students see on their score reports, two calculations are performed:*
- First, the “raw score” is calculated. This is the number of questions answered correctly. The raw score increases by one point for each question answered correctly, and no points are gained or lost when a question is either unanswered or incorrectly answered.
- Next, the raw score is converted into a “scaled score” by a statistical process called equating. Equating maintains the consistency of standards for test scores over time by adjusting for slight differences in difficulty between test forms. This ensures that the score does not depend on the specific test form or how well others did on the same form.
- The raw score is converted to a scaled score that ranges from 20 to 80. The final scaled score is the score that appears on the score report.

DANTES SUBJECT STANDARDIZED TEST (DSST)

About:
- The DSST credit-by-examination program is an extensive series of more than 30 examinations in college subject areas that are comparable to the final or end-of-course examinations in undergraduate courses.

Scoring:
- All DSSTs, except the Public Speaking exam are computer-based exams, with no penalty for guessing. A new score scale was introduced for the 2008 and later exams uses scores ranging from 200 to 500, with the pass point set at 400 for all exams.

Score Reports:
- If your school has not receive your score, report within 90 days of your original test date please verify the institution code that you listed during your exam registration. If the code is incorrect, please contact us 1.877.471.9860.

Retest Policy:
- Exam fees for the first attempt at any DSST title are covered by DANTES for eligible military service members. Service members are responsible for funding a retest of any DSST exam title if they do not receive a passing score. Test takers may retake a DSST exam three months after their first exam and after paying the $85 exam retake fee.

MARINE CORPS CREDENTIALING OPPORTUNITIES (COOL)
https://www.cool.osd.mil/usmc/index.html

Many civilian jobs have certain professional and technical standards. Obtaining credentials – certifications and licenses – shows that you meet these standards. For example, a welder can show his/her welding certifications to an employer to document that he/she has specific skills and knowledge. In the civilian world, credentials may be required for a job, or can make you much more likely to be hired for a job.

No matter where you are in your career, you may be able to benefit from getting a credential that is related to your training and experience in the Marine Corps.

Licensure and Certification are the two primary types of credentials. Credentials can also be earned via apprenticeships.

To learn more about Marine Corps COOL please visit the link above.

UNITED SERVICES MILITARY APPRENTICESHIP PROGRAM (USMAP)
https://usmap.netc.navy.mil/

Looking for civilian job experience while you're still active duty?

Check out USMAP to further your career goals. The United Services Military Apprenticeship Program (USMAP) is a formal military training program that provides active duty Navy, Marine Corps and Coast Guard service members the opportunity to improve their job skills and to complete their civilian apprenticeship requirements while on active duty.

The U.S. Department of Labor (DOL) provides the nationally recognized Certificate of Completion of Apprenticeship upon the completion of the program.

DOL is the Federal agency responsible for the administration of the National Apprenticeship System in the United States.

USMAP is the registered sponsor for all military apprenticeships. All DOL sponsors have a set of Standards that provide guidelines for Apprenticeships. USMAP’s standards are tailored to fit the military mission. (https://usmc-mccs.org/articles/check-out-an-apprenticeship-through-usmap/)

To begin the transition process, please contact your assigned Unit Transition Coordinator (UTC).

**DOD SKILLBRIDGE**

What is DoD SkillBridge?
- Links transitioning service members with civilian training opportunities
- Aims to increase probability of employment post-transition
- Equip service members with necessary career related tools for a smooth transition into civilian employment

What Opportunities Can Be Pursued?
- **JOB TRAINING:** Prepares employee to perform job related tasks through information, demonstration, performance evaluations, and feedback.
- **EMPLOYMENT SKILLS TRAINING:** Provides training or education for skills required in the workforce. Assist with advancing or adapting to workplace demands. Example: leadership training, resume writing, interview practices, negotiation, etc.
- **APPRENTICESHIPS:** Combination of on-the-job training and classroom instruction to learn practical and theoretical aspects of a specific field or occupation.
- **INTERNSHIPS:** On-the-job training designed to develop job skills and employment skills needed to obtain employment in the civilian sector.

Eligibility:
- Anticipate honorable discharge, including general discharge (under honorable conditions)
- Be separating or retiring from the Marine Corps
- Have sufficient time remaining on their contract to complete the program
- Have attended and completed requirements of the Transition Readiness Seminar (TRS) **180 days prior** to separation
- Have attended an ethics brief or completed a DoD approved ethics training presentation

Transitioning Marines are authorized to attend SkillBridge employment training up to 180 days prior to retirement or separation.

Should the Marine receive command permission to pursue a program, the Marine will be given Permissive Temporary Additional Duty (PTAD) orders. **PTAD means that all expenses associated with pursuing the program are your responsibility; these expenses may include travel cost, lodging, transportation, and meals.**

[https://skillbridge.osd.mil/](https://skillbridge.osd.mil/) provides a listing of programs, to include POCs, that are DoD approved throughout the United States.

[NAVMC 1700.2](https://www.marines.mil/News/Publications/MCPEL/Electronic-Library-Display/Article/3251254/navmc-17002/) establishes guidance for the SkillBridge program.
The Marine interested in an approved SkillBridge program (listed on the DoD SkillBridge website) must contact the program provider (company, organization, etc.) directly for specific information on the program. The program provider will provide all information related to cost, application process, length of training and the opportunity for employment at the conclusion of training.

**The MCB Quantico’s Transition Counselors are not resourced to do research and/or liaised on behalf of an individual**

This site below includes contact information for advisors, access to transition appointment pre-work documents, a calendar of transition events and SkillBridge information. https://ppr-quantico.libguides.com/c.php?g=1161198&p=8476913

The first step in the process is for the Marine to secure the opportunity with the company/organization by following their admissions/acceptance process.

Once the opportunity is secured, the Marine proceeds to request command permission to execute SkillBridge PTAD to pursue the opportunity.

Command permission must be received by the first field grade commander, O-4 or above, in the service member’s chain of command with UCMJ authority; Battalion/Squadron Commander. For those under civilian leadership, a GS-13 or above. The convening authority cannot be delegated.

Commanders are responsible for establishing and maintaining service member accountability procedures for the duration of the training – not the Transition Counselor.

The command permission packet consists of:

- MFR1 - USMC SkillBridge Packet Checklist
- MFR2 - USMC SkillBridge Participant Screening
- MFR3 - Individual Program Vetting Documents (USMC SkillBridge Individual Program Request)
- Ethics training certificate
- Acceptance letter or offer letter from the program provider
- TRS Completion (DD2648)
- Commander’s Participation letter

- **MFR1 - USMC SkillBridge Packet Checklist** – This document must be completed by the Marine and emailed to the Transition Counselor for signature.
  - All signatures must be captured with a CAC
  - Form must be signed by service member’s First Sergeant/SNCOIC and Company Commander/OIC prior to requesting signature from the Transition Counselor

- **MFR2 - USMC SkillBridge Participant Screening** – This document must be completed by the Marine and emailed to the Transition Counselor for signature.
  - This form locks after the first CAC signature. Service member completes the form, emails it to the Transition Counselor for CAC signature. Transition Counselor emails it back to service member – service member will need to provide wet signature on this form.
- **MFR3 - Individual Program Vetting Documents (USMC SkillBridge Individual Program
  Request)** – This document must be completed by the program provider (company, organization,
  etc.) and verified by the Marine’s command. *MFR3 is not required for SkillBridge opportunities
  holding a DoD MOU and listed on the SkillBridge website.*
  - Command verifier to be determined by the service member’s chain of command. It is
    recommended for command verifier to be either First Sergeant/SNCOIC, Company
    Commander/OIC
  - Once signed by the command verifier, Transition Counselor signs the form

- **Ethics training certificate** – MarineNet: LLISELF301 Developing your Business Ethics

- **Acceptance letter or offer letter from the program provider**

- **TRS Completion (DD2648)** – TRS completion date must be included in the Packet Checklist and
  the Screening Checklist. DD2648 must be included in the command permission packet to serve as
  proof of TRS completion.

- **Commander’s Participation letter** – to be drafted by the Marine and signed by the Marine’s first
  field grade commander with UCMJ authority.

There are no restrictions of participating with legislative branch.

The intent of the AA waiver is to accommodate Marines outside the 180 days due to military
requirements, not to maximize terminal leave.

MCO1 900.16 (Separation and Retirement Manual) states that terminal leave runs continuously from the
first day of leave until the date of EAS meaning SkillBridge PTAD will always need to be executed first
with terminal following it.
